Booster doses available for Moderna and Johnson & Johnson Covid-19 vaccines

Public Service Announcement

NCDHD will have booster doses available for persons that received Moderna and Janssen or Johnson & Johnson, Covid-19 vaccines who meet the criteria, in addition, Pfizer booster doses will continue to be available at all future NCDHD sponsored clinics. Eligible persons will be able to get a single booster dose of once their primary vaccination series is complete. The following criteria must be met:

- Must be over 18 years of age.
- Must have completed a primary 2-dose series of either Moderna, or Pfizer at least 6 months ago or a primary 1-dose of Janssen (Johnson & Johnson) at least 2 months ago
- Fall into one of the following groups:
 - 65 years of age and older
 - 18 through 64 years of age at high risk of severe COVID-19
 - 18 through 64 years of age with frequent institutional or occupational exposure to SARSCoV-2

If all criteria is met above, eligible persons may choose to receive any authorized or approved vaccine booster dose currently available, Moderna, Pfizer or Janssen (Johnson & Johnson), regardless of which primary series they received.

NCDHD will begin offering these at our O’Neill clinic today, October 22, 2021 from 1 pm to 6 pm. This clinic will be a drive through clinic, enter the alley across the street from Torpins and if a line forms, please form it coming from the North facing south to avoid obstructing traffic on Douglas Street. Please bring your insurance card or a copy of the front and back with you to clinic. To save time at clinic, you can print a consent form on our website, ncdhd.ne.gov these will be available at clinic if you are not able to do this before.

NCDHD has the following clinic times available for walk-ins during the noted times below. If you already have a scheduled appointment time for a clinic on this list, please arrive at that scheduled time.
