Case count update as of 11/01/2021 at 3:00 PM: 5,946 Total Cases (TC), 5,439 Recoveries (R), and 89 Deaths (D). There have been 285 total cases reported in the last 14 days. Due to Executive Order No. 21-14 of Governor Ricketts being rescinded on October 21, 2021, NCDHD is no longer able to share county-based COVID-19 information. This order was rescinded because coronavirus hospitalizations in Nebraska have fallen below 10% statewide hospital bed capacity for a 7-day rolling average last week.
