“NCDHD Updates on Large Event Planning and Restarting of Vaccine Program” Public Service Announcement

North Central District Health Department (NCDHD) will be reviewing plans for large events per the new Directed Health Measures issued on June 1, 2020. All locations/venues that hold (500-1,000) or more individuals will be required to submit a reopening plan for approval to their local health department. The reopening plan must contain a planned number of guests, how the location or venue will follow current social distancing guidelines associated with current DHMs, and sanitation guidelines. The counties that NCDHD serves may submit their plans on the NCDHD website at ncdhd.ne.gov under the Large Event Planning section and complete the Large Event Planning Form. NCDHD will be loaning thermometers for screening attendees and will provide hand sanitizer to be used for sanitation for these events. These requests should be submitted by filling out the Personal Protective Equipment (PPE) request form.

During COVID-19's emergence many have fallen behind on their vaccinations. NCDHD will be reopening for adult and child vaccinations by appointment starting on June 15, 2020. NCDHD provides vaccines for individuals with or without insurance. If you would like to check if you or a child are due for vaccines or to make an appointment call NCDHD at 402-336-2406.

NCDHD would like to remind residents that community spread is present in our area and you should assume COVID-19 is present in your community. Continue to practice social distancing, good hand hygiene, and wearing a mask in public settings where social distancing can be difficult.
