“Confirmed Cases in Knox and Pierce Counties” Public Service Announcement

North Central District Health Department (NCDHD) has been made aware of two (2) additional cases since the last update on Friday, May 22. One case in Pierce county and one case in Knox county. A district case count total can be found below with updated per county breakdown. NCDHD reminds district residents that we should assume that COVID-19 is present in the communities we live in. NCDHD will no longer be reporting risk level to the general community unless there is a situation that warrants notice of community exposure. Residents are encouraged to follow guidelines which include extra handwashing, social distancing, stay home and limit unnecessary travel, remain six feet from others, and wearing a mask in public.

NCDHD remains in close contact with other health districts and has been notified of other individuals that live in different areas of the state but have worked or traveled through the NCDHD district. NCDHD works closely with impacted employers or businesses when notified of these instances to ensure safety of the employer and community members in the areas of travel.

Case count update as of 5/26/2020 at 2:00 PM: 23 total cases

Antelope: 8	Keya Paha: 0
Boyd: 0	Knox: 10
Brown: 0	Pierce: 3
Cherry: 1	Rock: 0
Holt: 1
