

Nurse-Program Manager

Location: O'Neill, Nebraska

Position: In office and off-site clinics in NCDHD district.

Status: Full Time-40hrs/week

North Central District Health Department (NCDHD) is seeking a compassionate and motivated Registered Nurse (RN) or Licensed Practical Nurse (LPN) to join our team as a Nurse Program Manager. This position plays an important role in supporting maternal and child health services, including nutrition programs that serve women, infants, and children across our district.

Primary responsibilities include holding clinics across the 9-county district to deliver individualized, culturally responsive education in nutrition. This position also coordinates referrals to healthcare and community resources and maintains accurate and confidential documentation.

The Nurse Program Manager will also help coordinate and oversee public health programs while working alongside a supportive team of public health professionals. This role offers the opportunity to grow into broader program leadership responsibilities, with training and mentorship provided. NCDHD values collaboration, flexibility, and a strong commitment to serving our communities.

This position is ideal for a nurse who is interested in public health, enjoys working as part of a team, and wants to make a meaningful impact beyond traditional clinical settings.

Candidates must hold an active nurse license in the State of Nebraska.

Interested candidates are encouraged to contact our office to learn more, and submit a cover letter and resume to:
