## **NCDHD COVID-19 Updates**

### **Public Service Announcement**

North Central District Health Department (NCDHD) has been made aware of 42 new COVID-19 cases in the district since last reporting period on 8/9/2021.

Regarding NCDHD COVID Vaccine clinics, we will now be **requiring insurance card information** prior to receiving a COVID-19 vaccine. A photocopy of the front and back of insurance cards is needed. **If you do not have insurance, you are still eligible to get your COVID vaccine.** Please call our office with any questions.

The CDC signed the Advisory Committee on Immunization Practices recommendation that endorsed the use of an **additional dose of COVID-19 vaccine for people with moderately to severely compromised immune systems after an initial two-dose vaccine series.** CDC's recommendation are people with a range of conditions, such as recipients of organ or stem cell transplants, people with advance or untreated HIV infection, active recipients of treatment for cancer, people who are taking some medications that weaken the immune system, and others. A full list of conditions can be found on CDC's website <https://www.cdc.gov/coronavirus/2019-ncov/vaccines/recommendations/immuno.html>. The additional dose of an mRNA COVID-19 vaccine should be the same vaccine as the initial series and administered at least four weeks after completing a primary mRNA COVID-19 vaccine series. CDC does **not** recommend additional doses or booster shots for any other population currently. **NCDHD is pending updated orders to begin administering this booster shot timely.** Please monitor media for the quickest update on order approvals.

NCDHD has the following clinic times available for walk-ins during the noted times below. If you already have a scheduled appointment time for a clinic on this list, please arrive at that scheduled time. Please note any location updates. These clinics will be dispensing **Pfizer, Johnson & Johnson and/or Moderna** vaccine. Please note by the location which clinic will be offering which vaccine.

**Green indicates clinics to call ahead or schedule online.**

If you have received a first dose of COVID vaccine through an NCDHD clinic and have not received a call to schedule your second dose, please call our office. Still have questions regarding the vaccines? [Getvaccineanswers.org](http://Getvaccineanswers.org) is a great resource for wanting to know more and getting informed.

Vaccine by the numbers from all sources including Federal reporting: Bureau of Prisons (BOP), Department of Defense (DOD), Indian Health Service (IHS) and Veterans Health Administration (VHA)

- total doses administered: 35,422
- fully vaccinated: 17,605
- partially vaccinate: 211
- 16+ vaccinated: 49.0%
- Total NCDHD district population vaccinated: 39.5%

Need a COVID test? Testing can most readily be accessed through traditional healthcare access points as of July 1<sup>st</sup>. Reach out to your primary care provider for more information.

If you are a non-healthcare facility interested in free, routine PCR testing for COVID-19, visit [www.testedandprotected.org](http://www.testedandprotected.org) to learn more about the Expanded Testing program managed by the Midwest Coordination Center. Eligible groups include public/private schools, nursing homes, shelters,

correction facilities, youth-serving organizations, childcare centers, youth summer camps, etc. If you have any questions regarding this testing opportunity, please feel free to contact our office.

NCDHD has been releasing new videos with the series called COVID CHAT to address COVID related misconceptions, facts, frequently asked questions and more. Look to our social media channels and website for videos to be uploaded each Thursday at 4:00pm.

Case count update as of 8/16/2021 at 3:00 PM: 4,664 Total Cases (TC), 4,483 (R), 75 Deaths (D), and 74 total cases reported in the last 14 days. NCDHD is no longer able to release county-based data in our districts due to HIPAA standards. Previously, we were granted special privileges to release the county-based information. Those special privileges expired July 31<sup>st</sup>, 2021. If interested in county-based data, it is still available on the CDC's website at <https://covid.cdc.gov/covid-data-tracker/#county-view>. Please keep in mind that this data tracker is updated once weekly, and it does not keep count of any type of antigen or rapid test. It only has data based on PCR tests.
