## “New Directed Health Measures for NCDHD Area to be issued May 4- May 31” Public Service Announcement

Announced in Governor Ricketts daily press conference today updated Directed Health Measures (DHM) for the North Central District Health Department, effective May 4<sup>th</sup>, will provide updates on faith-based services, weddings, funerals, bars, restaurants dine-in guidance, daycare guidance on number of children allowed, elective surgeries, salons, tattoo parlors and massage therapy reopening guidance.

NCDHD would like to take this time to thank our district communities on their efforts of social distancing and compliance with following the Directed Health Measures. Compliance from our community members help drive our case numbers down. NCDHD will continuously analyze COVID-19 data and trends, as well as reevaluate a need to extend or expire measures set on a Local Health Department level.

NCDHD has not yet received guidance on social distancing (i.e. 10-person rule, 6 ft from others rule, etc.) for the purpose of reopening. Once further information on changes outlined today is conformed regarding the updated DHM set to be effective May 4<sup>th</sup>, this information will be shared with our district communities through media, our website, and our Facebook page.
