North Central District Health Department 1-402-336-2406

“First Positive Case in Cherry County” Public Service Announcement

On April 3, 2020 North Central District Health Department (NCDHD) was made aware of the first positive COVID-19 case in Cherry County. North Central District Health Department initiated contact investigations and was able to quickly determine this case is not due to community spread. It has been identified that this case is due to close contact with an individual who has tested positive with COVID-19 that is not in the NCDHD District. The case is at home in self-isolation.

To continue to protect yourself from COVID-19 during these times continue to cover your cough with a tissue and throw it away, or a bent elbow. Wash your hands with soap and water frequently. Practice social distancing by staying home, but if you need to go out, remain six feet from others.
