Confirmed Case and Recoveries Public Service Announcement

North Central District Health Department (NCDHD) has been made aware of one (1) additional cases in the district in Holt County. The case is due to direct contact with a confirmed case and is currently in isolation at home. NCDHD would also like to report two (2) additional recoveries in Knox County.

NCDHD would like to remind and encourage district residents to wear a mask while in public settings, especially where social distancing can be difficult. As case numbers increase in the NCDHD area and throughout Nebraska consider the impact your actions could have on others and be considerate of your neighbor during these times. Enjoy events that will be happening this summer but limit your potential exposures by limiting your attendance at several events in a short time frame. Small considerations such as these, will make a big difference.

Case count update as of 7/10/2020 at 3:00 PM: 58 Total Cases (TC), 44 Recoveries (R), and 1 Death (D). Reminder that Total Case (TC) numbers are represented first, and of those total cases the number of Recovered (R) persons is represented second, and total case related Deaths (D) is represented third.
