

RE: Vaccines for Children/Adult Immunization Program/Vaccine Coverage
Tuesday October 25, 2022
Contact: Jennifer Booker RN, BSN jennifer@ncdhd.ne.gov

For people with disabilities who are homebound, please contact our office at 402-336-2406 to access accommodations.

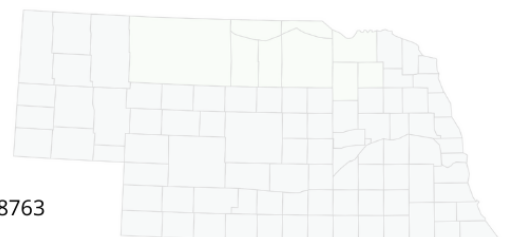

Vaccines for Children/Adult Immunization Program

For those that do not have insurance or have insurance that doesn't cover vaccines (such as Christian Healthcare), NCDHD is an approved provider for the Vaccines for Children (VFC) and Adult Immunization Program (AIP). These programs cover the cost of certain vaccines, and we are able to provide them for a donation of up to \$19.82/vaccine. We will not refuse to vaccinate if you are not able to donate or can only donate a few dollars.

VFC covers all recommended vaccines in children birth to 18 years of age.

For adults 19 years of age and older, AIP covers Tetanus, Diphtheria & Pertussis (Tdap, Td), Hepatitis B and Measles, Mumps, & Rubella (MMR II) without prior authorization. Certain other vaccines such as Varicella, Pneumonia, HPV, and Meningitis may be covered with prior authorization.

These vaccines are NOT kept on hand and may take up to a week to be delivered. Call our office and discuss these needs with our nurses.
